HAMA'LU FOOD FESTIVAL STARTED WITH A BANG

BY AMY COLPAERT

More than 500 local chefs have gathered in the capital of Hama'Lu, Platina, to provide an amazing culinary experience for the residents of Hama'Lu. During the weekend of October 22nd, everyone will be able to enjoy more than 60 different cuisines. The festival starts at 5pm and ends at 2am. Hama'Lu food festival has something for everyone!

Today, **Friday October 22nd**, was the first day of the 3-day food festival. No less than 10 000 individuals attended. People from all over Hama'Lu came to Platina to celebrate. **Lady Gaga** had the honour to start the event with our national anthem.

But Lady Gaga isn't the only big name that you'll see at this festival. **Artists from all over the world** are coming to Hama'Lu to provide an amazing experience for the citizens. They will perform their biggest hits for you to enjoy while eating the delicious food from the festival. On Sunday, the festival will end with a big show of **environmentally friendly fireworks**.

But it's more than just a food festival. It's an event that connects people and lets them **celebrate different cultures**. People see this festival as a holiday. 'It's amazing to see how an event like this can bring people together!' says Kailani Germanotta, a resident of the commune Ruby'Lu. 'We get to spend time with each other, explore new cultures and enjoy the beautiful surroundings. It's truly an amazing experience.'
